Subject: Weekly DAS to Be Awarded Update

Hi All,

Here's this week's DAS Awaiting to Be Awarded table. I've included the latest Standard Chlorine of nonresponsive requests on the list because I haven't received a formal acceptance from Kevin. nonresponsive These are ongoing analyses normally accepted by the Lab Branch. I haven't included the Dimock DAS numbers, starting with R33907 although they also haven't been formally accepted or sent Tier IV because I don't yet know how they will be split up. Please let me know if you need anything else. Thanks.

Elaine
